New and Noteworthy

The NAHRO Professional Development System (NPDS) is comprised of *eleven Certification tracks*, including certifications for Commissioners and Management Executives, which are tailored to meet the needs of specific roles within the housing industry. By August 1, 2010, each exam within every track will be rigorously reviewed and analyzed for validity, consistency, and thoroughness by an Assessment Board comprised of NAHRO Professional Development Committee Members, Board of Ethics and Credentialing Trustee members and other NAHRO Leaders. This intense evaluation and assessment is unique in the industry, and only NAHRO Certification offers a guarantee that participants meet an industry-wide standard of excellence based on universally accepted certification standards. NAHRO certifications uniquely:

- Demonstrate expertise in specific areas within the Housing and Community Development industry;
- Ensure a consistent, industry-wide standard of excellence; and
- Signify that participants meet the industry's highest standards of professionalism and ethical conduct.
